

DR. MARC MULLIE, MD, FRSC

OVER **50,000** OCULAR
PROCEDURES PERFORMED

EDUCATIONAL BACKGROUND

Dr. Mullie received his medical degree from the University of Toronto before finishing a residency in ophthalmology at McGill University. Prior to this, he completed an internship at the Royal Victoria Hospital in Montreal as well as a clerkship at St-Michael's Hospital in Toronto.

In addition, Dr. Mullie has also completed fellowships at both the National Hospital for Neurology and Neurosurgery (formerly known as the National Hospital for Nervous Disease) in London, England and the University of California Medical Center in San Francisco, California.

REFRACTIVE EXPERIENCE

Over the course of his decades-long career, Dr. Mullie has performed a wide variety of ocular procedures. He specializes in LASIK eye surgery, Photorefractive Keratectomy (PRK) surgery, and Refractive Lens Exchange (RLE), and is considered a pioneer in phacoemulsification, a modern cataract surgery.

Previously, he worked as a neuro-ophthalmologist at *Hôpital St-Luc* and *Hôpital Maisonneuve-Rosemont*, specializing in vision problems related to the central nervous system. Dr. Mullie has also served as an assistant ophthalmologist at the Royal Victoria Hospital.

ACCOMPLISHMENTS AND AWARDS

Dr. Mullie is an accomplished researcher. His work has been published in a variety of academic journals, including the *Canadian Journal of Ophthalmology*, the *American Journal of Ophthalmology*, the *Archives of Ophthalmology*, and the *Journal of Cataract and Refractive Surgery*.

He's also presented at various lectures and conferences throughout the years, including for the Ophthalmology Innovation Summit (OIS), American Academy of Ophthalmology (AAO), and the American-European Congress of Ophthalmic Surgery (AECOS).

As a passionate researcher, Dr. Mullie is currently completing a book on the complexity of visual systems.
